**Attn: Docket No. 2008-OE-01 (Mid-Atlantic National Corridor)  
Request for Rehearing**

As a resident of Prince William County, Virginia, I am opposed to Docket NO. 2007-OE-01 (the Mid-Atlantic Area National Corridor Designation).

I do not believe it is in the best interest of the environment to allow power companies (e.g., Dominion Power) the right to invoke Federal eminent domain powers to circumvent state authority.

I am requesting a rehearing on this issue.

Respectfully,
