Attn.: Docket No. 2007-OE-01

To Whom It May Concern:

We are very concerned that the ruling of the Department of Energy to approve the Mid-Atlantic Area National Corridor is flawed and not at all in the public interest.

We believe that the evidence shows that the Department did not thoroughly or completely examine either the multiple public concerns which have been expressed in great detail, or the resulting potential impact on individual communities like ours.

For this reason we hereby respectfully request a rehearing of the order in Docket No. 2007-OE-01.

Very truly yours,

Patricia C. Warrender
